

HUSH Homes Brings Luxury Bungalows Back To Oakville New Homes Market

HUSH knows the challenges of finding a luxury bungalow in Oakville. Bungalows are what buyers at the Avalon and the Gardens of Coronation neighborhoods are asking for.

Naheel Suleman, president of HUSH homes, has listened and responded.

This May 1st weekend HUSH will unveil a quartet of spectacular new bungalows at each of its Oakville projects. At Avalon on Lakeshore Road West these impressive new homes will be styled on a French provincial theme; at the Gardens of Coronation overlooking Coronation Park and the lake, the inspiration comes from English country homes.

Perhaps best of all, in keeping with HUSH's renowned customer service, each of these new bungalows will be customizable. That doesn't just apply to finishes but to the floor plans themselves.

Looking for a 2,000-square-foot home with two-bedrooms and a loft? Then go for the basic designs created by architect Bill Hicks of the Hicks Partnership. Want something larger, perhaps 2,600-square-feet of living space with three bedrooms plus a master suite downstairs? Then HUSH will work with you to turn that loft space into enough bedrooms for the entire family.

"Luxury bungalows are what people visiting our presentation centre have been telling us they want," says Mr. Suleman. "So working with Hicks we have come up with this new series, which we are certain will strike a chord with buyers."

"They represent the finest in craftsmanship and all are built to EnergyStar standards."

Like all HUSH homes they celebrate Mr. Suleman's commitment to quality. Hardwood floors, 10 foot ceilings on the main level, Wolf and Sub-Zero gourmet

appliances; granites, marble and imported ceramic tiles in kitchens and bathrooms and Kohler high end fixtures throughout.

Each home comes complete with an individually designed landscape. Buyers have the option for a private appointment with a landscape architect for further customization.

Kitchens dazzle with a choice of custom crafted oak or maple cabinetry, granite or CaesarStone counter tops and imported porcelain, ceramic, marble or granite backsplashes. The list of features and finishes covers page after page.

HUSH also offers comprehensive service packages that start the moment the decision to buy is made and can continue for as long as the buyer owns the home. It covers design, construction, decorating, landscaping, ongoing maintenance and care and even holiday decor.

Its unique certification program offers buyers regular home

inspections during the entire period of their occupancy; any problems are immediately remedied and the home on resale is certified by HUSH.

The result is a custom home, a carefree lifestyle and a superbly maintained residence for as long as the buyer owns the property.

Prices start at \$1.1 million, and

construction at the Avalon site will start next month.

Come visit the new presentation centre at 417 Lakeshore Road West. Call 905-337-1435 for a private appointment during the week. The presentation centre stages an open house from 1 p.m. to 5 p.m. Saturdays and Sundays.
